THE NEIGHBORHOOD

- Santa Barbara Estates is located in Pompano Beach just off of Lake Santa Barbara and the Intracoastal Waterway.

- It is within walking distance to the Atlantic Ocean which makes it ideal for beach lovers and vacationers. It is minutes away from fine dining, beautiful golf courses, dry dock boat storage, art galleries, shopping, and entertainment venues.

- Santa Barbara is located in the East Atlantic Boulevard corridor which is Pompano’s gateway to the Atlantic Ocean. The development site is one of few locations in the neighborhood zoned for multifamily townhouse development. The majority of the neighborhood only permits and consists of single family homes.
Current entry level pricing of existing single family homes in the neighborhood in good, “move in” condition typically start around $350,000 and go up to over $4 million.

Homes in the lower price range are older and typically built in the 1960’s and 1970’s.

Currently there are only 2 newly constructed single family homes in the neighborhood and 2 under construction. The two homes recently built dry lots are between $829–$849,000. The two under construction are on the water and are over $1.5 million for the smaller one and over $3 million for the larger home.
